Innovative Front-end Developer with extensive experience in creating dynamic, responsive web applications. Proficient in TypeScript, React, and Next.js, with a strong background in performance optimization and complex problem-solving. Demonstrated ability to learn quickly, take the lead on projects, and collaborate effectively with cross-functional teams.

Skills

Core Technologies
JavaScript, TypeScript, HTML, CSS
■■■■■■□

Frameworks & Libraries
React, Next.js, Redux
■■■■■□□

Styling & Design
Tailwind CSS, Ant Design
■■■■■□□

APIs & Data Handling
RESTful API, GraphQL
■■■■■□□

Web3 & Blockchain
Solidity, Wagmi, Web3.js, Ether.js
■■■■□□

Development Tools
Git, VS Code, Jira, Webpack
■■■■■□

Education

University of Manchester
Computer Science
B.S. in Computer Science
2013 - 2017

Certifications

AWS

Experience

Taiko Labs   **2022 - present**
Senior Front end Engineer   Hong Kong(remote)

- Led the development of interactive and responsive web applications using React and Next.js, achieving a 96% user satisfaction rate.
- Developed and optimized a Bridge UI with Next.js and Wagmi, resulting in a 25% increase in user engagement metrics.
- Applied TypeScript to build and maintain multiple web applications, enhancing code quality and cross-browser compatibility.
- Collaborated with UX/UI designers to translate design mockups into high-quality code for 12 projects, ensuring visual and functional fidelity.
- Mentored junior developers on TypeScript and modern frontend development techniques, promoting a culture of continuous improvement.

Evident Proof   **2019 - 2022**
Front end Developer   London, UK(remote)

- Improved performance and responsiveness of web applications, reducing page load times by 40%.
- Integrated over 5 third-party services and APIs to enhance application functionality and streamline user workflows.
- Partnered with cross-functional teams to deliver 10+ projects, increasing project delivery efficiency by 25%.
- Enhanced code quality through rigorous code reviews and best practices, reducing bugs by 50%.
- Contributed to project success by consistently meeting deadlines and exceeding client expectations.

Squiz   **2017 - 2019**
Junior Front end Developer   London, UK

- Collaborated with 3 engineering and design teams to integrate external APIs into web pages and applications for small businesses.
- Participated in code reviews, debugging sessions, and continuous integration/deployment processes using GitHub.
- Wrote 80+ unit tests to verify the functionality of user interfaces, backend processing, connectivity, and relational database interactions.
- Developed and maintained 6+ responsive web applications using HTML, CSS, and JavaScript.
